

SCOTT WALKER
OFFICE OF THE GOVERNOR
STATE OF WISCONSIN

P.O. Box 7863
MADISON, WI 53707

April 12, 2012

President Mary Bell
Wisconsin Education Association Council (WEAC)
P.O. Box 8003
Madison, WI 53708-8003

Dear President Bell,

School district survey data collected by WEAC does not appear on your website and you have refused to provide my office with any answers after repeated attempts to learn more about the results collected over the last decade. In the interest of fully informing the public about the progress schools have made over the last year, I am asking you to repost the complete survey data on your website.

I would also appreciate answers to the following questions:

What was the average percentage of school districts that laid off teachers between the 2002-03 and 2010-11 school years? Does this figure include retirements?

What is the average percentage of school districts that increased class sizes between the 2002-03 and 2010-11 school years?

What is the average percentage of school districts that maintained all of their extracurricular activities between the 2002-03 and 2010-11 school years?

In the interest of learning more about your survey, I look forward to your reply. It appears to me that your data shows school districts are in better shape this year than at any time in the last decade. I encourage you to make this information available to the public and your members.

Sincerely,

A handwritten signature in black ink, appearing to be "Scott Walker", with a long horizontal line extending to the right.

Scott Walker
Governor
